

CHRIS JENKINS SPIRIT AWARD

created by the Eden Prairie Lacrosse Association in 2003

“His laughter would draw you near,
his character would awe you,
his compassion would keep you by his side,
and his determination would captivate you.
He is sorely missed.”

Chris, #3, on the lacrosse field, University of Minnesota

“Chris was an outstanding student in the Carlson School of Management and a talented athlete. Chris exemplified the educational values of scholarship, leadership and involvement with others. I have no doubt Chris would have gone on to be a shining star in his professional life, and a continuing source of pride and pleasure to his family and friends. His death is a wrenching loss to the entire university community and to society.”
